

Syed Parveez Afham

Karnataka, India | Pho: 0000000000 | Syedparveezdevelop@gmail.com

EDUCATION

Huda National Arts, Commerce and Science Degree Collage

Karnataka, India

Bachelor of Computers Application (BCA)

2023-2025

Software and app development expertise

Cumulative CGPA: **7.5**

Relevant Coursework: Software Developer, Web Developer, Algorithms, UI/UX.

WORK EXPERIENCE

Unified Mentor

May 2024 – Jun 2024

Web Development Intern

- **Portfolio Development:** Successfully designed and developed a personal portfolio website using core web technologies such as HTML, CSS, and JavaScript.
- **Responsive Design:** Ensured the portfolio was fully responsive, providing an optimal viewing experience across various devices and screen sizes.
- **Animations and Transitions:** Enhanced user experience with smooth animations and CSS transitions for interactive elements.

PROJECTS

Spotify Clone Web Project

Frontend Development UI/UX

- Designed and built a Spotify-inspired web application using HTML, CSS, and JavaScript.
- **Music Player Integration:** Implemented a fully functional music player with play, pause, next/previous track, volume control, and seek bar features.
- **Animations and Transitions:** Enhanced user experience with smooth animations and CSS transitions for interactive elements.
- **Version Control:** Used Git and GitHub for version control and collaboration.

Tropic Taste - Canteen & Food Website Project

Full Stack Developer

- Designed a clean, responsive layout using **HTML5**, **CSS3**, and **JavaScript**, ensuring cross-device compatibility.
- Implemented dynamic features such as an interactive **menu display**, **food category filters**, and a **search bar** for easy navigation.
- Developed **user authentication** features (if applicable), log in, and save their preferences.
- Applied **JavaScript** for dynamic content rendering and integrated **AJAX** for real-time updates without page reloads.

ADDITIONAL
